- Played major role in new media start-up by developing and coordinating workflow for an innovative digital reporting service for governmental bodies.
- Supervised pool of 20 part-time employees.
- Tested and evaluated software and contributed to its functionality and design.
- Efficiently supported clients via phone and email helpdesk.

YEC Star, Chişinău, Moldova
Volunteer **May 2006 to August 2006**
- Researched funding opportunities and applied for funding for various projects.
- Successfully organised international seminars, trainings and cultural exchanges.

ACTIVITIES

YOURCE
Active in European youth network **December 2006 to present**
Being involved in YOURCE from the very start means I played an important role in the entire process from initial idea from a community group to the development of this online community in cooperation with youth organisations all over Europe. I implemented the use of open content licences and gave a workshop on this at the kick-off meeting in April 2008. I represented the International Sport and Culture Association at the final meeting of the pilot year in November 2008.

Intercultural dialogue, Tbilisi, Georgia
Organizer of international youth exchange **May 2007**
For a group of 30 youngsters from 6 different European countries, I secured and managed funds from the European Union and set up a 10-day activity programme. Together with a Georgian partner I managed to set up a photo exhibition and a dance performance at an established theatre with excellent reception and media coverage by national media.

USCKI Incognito, Utrecht, the Netherlands
Active member of study association **September 2001 to June 2005**
During my undergraduate course I have co-organized a study trip to Rome and two symposia. I succeeded in arranging excellent chairmans, an outstanding range of international speakers and considerable coverage by written and broadcast media.
